consult-poseidon.com

tim@consult-poseidon.com

Present position

Director, General Manager & Company Secretary of *Poseidon Aquatic Resources Management Ltd* and *Poseidon Aquatic Resources Management Europe Ltd*, international consultancies specialising in fisheries, aquaculture and blue economy.

Years within the firm: 24

Education

1986 – 1987 M.Sc. in Applied Fish Biology *Plymouth University, UK*

1980 – 1983 B.Sc. (Hons) in Biological Sciences (2.1), *Portsmouth University, UK*

Key professional skills

- **Over 35 years of consultancy, industry and NGO experience in the fisheries sector, including 25 years as team leader**
- Leading specialist in abandoned / lost / discarded fishing gear and aquaculture debris.
- **Maritime sector planning & 'Blue Growth'**: policy & planning marine economies.
- **Aquaculture**: strategic and technical development of sustainable aquaculture, inc. policy & strategy development, risk assessment, environmental impact assessment.
- **Capacity development**: institutional analysis and human capacity development.
- **Coastal management & EIA**: integration of fisheries and aquaculture with other coastal users through appropriate EIA and CZM approaches.
- **Ecosystems-based fisheries**: studies and technical assistance in developing an ecosystem approach to fisheries management and conservation.
- **Marine debris management from fisheries and aquaculture**: Assessing, managing and mitigating the contribution of fisheries and aquaculture to marine plastic and other litter.
- **Fisheries & aquaculture certification**: policy studies on certification in fisheries and aquaculture. Auditor for MSC fisheries (P2 & P3), single & group CoC assessments.
- **Project design, monitoring & evaluation**: programme design and ex-ante, mid-term and ex-post monitoring and evaluation

Professional experience record

2001 – present	Poseidon Aquatic Resources Management Ltd	<i>Founder and Director</i>
1994 – 2001	MacAlister Elliott & Partners Ltd	<i>Director</i>
1989 – 1994	Fisheries Development Ltd,	<i>Senior Consultant</i>
1987 – 1989	United Gulf Fisheries, Oman	<i>Processing plant manager</i>
1984 – 1986	Kames Fish Farming Ltd, Scotland	<i>Trout farm manager</i>
1983 – 1984	Springwater Trout Ltd, England	<i>Trout farm worker</i>

Other skills

Language skills:	Reading	Speaking	Writing	(1 - excellent; 5 - basic)
English (mother)	1	1	1	
French	2	3	4	
Arabic	0	2	0	
Spanish	1	1	0	

Membership of professional bodies: Member and Director (2000 – 2004) of CoastNET (UK representative body of EuroCoast, a policy guidance body promoting sustainable coastal management).

Technical skills: Highly computer literate; MSC FCR v2 scoring training completed; training in stakeholder and gender issues in environmental impact (DFID, 1993). Reviewer for *Marine Policy* submissions (2021 – present).

Geographic experience

Europe	UK & Eire, EU, Albania, Russia, Norway, Iceland & Switzerland
Middle East	Egypt, Bahrain, Oman, Kuwait, Turkey, Saudi Arabia, UAE & Yemen
Africa	Comoros, Cote d'Ivoire, Eritrea, Ghana, Kenya, Mauritius, Madagascar, Malawi, Nigeria, Tanzania, Uganda, Reunion, Rwanda, Senegal, Seychelles & Zimbabwe
Asia	Bangladesh, China, India, Indonesia, Pakistan, Philippines, Malaysia, Maldives, Sri Lanka, Thailand, Timor-Leste & Vietnam
Pacific	Australia, Fiji, PNG, Solomon Islands & New Caledonia
Americas	Belize, Bolivia, Brazil, Canada, Colombia, Greenland & the USA.

Previous and current clients

National and local government	UK: Environment Agency, Defra, Penwith District Council, East of England Development Agency, FCO, Government Office for the North-West, Seafish, Solway Firth Forum, Scottish Government & SEPA. Other: DCMNR & BIM, LVFO
International	AAC, ACP Fish II; AFD, ADB, DANIDA, DFID, EC, FAO, FFA, GEF, IFAD, PERSGA, World Bank, USAID, UNDP, UNEP & WTO
NGO	WWF, WAP, Gatsby Africa, Walton Foundation, Pew Charitable Trusts, RSPB, MSC, Hampshire & Isle of Wight Wildlife Trust, ITOPF, Solway Firth Partnership & WorldFish
Private sector	Inmarsat, WS Atkins, KPMG, ECA, OKLNG, Halcrow, Homarus, Metoc, Acoura, Royal Haskoning DHV & Scott Wilson Kirkpatrick

Experience record

Maritime sector and policy planning & evaluation (inc. Blue Economy)

- **EU:** VeriFish. Preparation of environmental indicators for fisheries and aquaculture (Horizon Europe, 2024 – 2026)
- **Worldwide:** EU Mission Ocean. Technical feasibility evaluations (Technopolis / EC (Feb 2024 – Dec 2025)
- **Europe:** EU oceans & fisheries policy –developments & future challenges (European Parliament, April – Sept 2024)
- **Europe:** Aquaculture expert on Implementation of the European Green Deal - Challenges and opportunities for EU fisheries and aquaculture; Part III: Food security aspects (European Parliament, Dec 2022 – July 2023)
- **Western Indian Ocean (WIO):** Team leader / governance specialist formulating a regional blue economy plan for the WIO (DG INTPA, Dec 2021 – July 2023). Extensive stakeholder consultation in the EU & nine included countries.
- **Namibia:** Fisheries support to Port of Walvis Bay and to Walvis Bay/Dunkerque ports' collaboration (AFD/RHDHV, 2022)
- **EU:** Study on Access to Space and Water for Marine Aquaculture. Via MSP Platform (DG MARE, 2022)
- **UK:** Examining opportunities and barrier to coexistence between fisheries and aquaculture in Scotland (Crown Estate Scotland, 2022)
- **Pakistan:** Preparation of a roadmap for a Blue Economy. Fisheries & aquaculture specialist. (World Bank, 2021–2022)
- **UK:** 'Toolkit' to model environmental management options & trade-offs (Defra (2018 - 2019).
- **UK:** UK Scallop Management Plan (SICG, 2018). Team member developing an industry-led, long-term strategic plan for the UK's scallop fisheries.
- **Global:** Assessment of fishing activity & identification of fishing ports around the world (Pew, 2017 & 2021-22 update)
- **Global:** Compilation of tuna RFMO data sets to estimate global tuna production and its value (Pew, 2015 & 2020)
- **EU:** Evaluation of 'Integrated Marine Policy' actions funded by the EMFF (DG Mare, 2018)
- **EU:** Technical Rapporteur for the 'Our Ocean' Conference in Malta, October 2017 (DG Mare, 2017)
- **Pakistan:** Sector Technical Analysis and Action Plan (AFD, 2017). Team leader and fisheries specialist.
- **EU outermost regions:** investigation of blue growth opportunities in the Indian Ocean (DG Mare / EUNETMAR, 2016).
- **Mauritius:** Ports Master Plan (MPA/Royal Haskoning, 2016). Forecast fisheries traffic into Port Louis and identified the future needs for quay & land-based infrastructure for fish landing and processing.
- **UK:** Evaluation of Fisheries Local Action Groups (FLAGS) under Axis 4 of the EFF (2007 - 2013) and the implications for CLLD in the EMFF (2014 - 2020). (IFCI and Defra, 2015)
- **EU:** Scoping study on the use of Financial Instruments in the EMFF (European Investment Bank, 2014)
- **Albania:** Development of a Fisheries Sector Strategy (EC, 2014). Responsible for lagoon & lake fisheries and aquaculture.
- **Ghana:** Developing the Legal, Operational and Organizational Framework to Enable the Implementation of the Ghana Fisheries and Aquaculture Sector Development Plans (World Bank, 2014). Team leader.

- **EU: MSP and Atlantic Action Plan Conference Facilitation (DG Mare / GOPA Cartermill, 2013 - 2014):**
 - **Venice, Italy.** Marine Spatial Planning Stakeholder Workshop- Tourism. CFP & Maritime Affairs Chief Expert and Rapporteur (DG Mare / GOPA-Cartermill, October 2014)
 - **Liverpool, UK:** Seminar on the Atlantic Action Plan: finance opportunities for projects, chances for SMEs. Chief Technical Organiser & plenary / breakout chair (DG Mare/GOPA-Cartermill, June 2014)
 - **Athens, Greece:** Marine Spatial Planning Stakeholder Workshop- Shipping. CFP & Maritime Affairs Chief Expert and Rapporteur (DG Mare / GOPA-Cartermill, June 2014)
 - **Dublin, IRL:** Ocean Energy Forum. Rapporteur. (DG Mare/GOPA-Cartermill for the AAP, June 2014)
 - **Gijon, ESP:** Seminar -Atlantic ports, logistics and maritime transport as drivers of economic development. Rapporteur (DG Mare / GOPA-Cartermill for the Atlantic Action Plan, June 2014)
 - **Brussels, BE:** Stakeholder seminar on boosting blue growth in the Adriatic and Ionian region: towards an action plan for the EUSAIR (EU strategy for the Adriatic and Ionian region). Introductory speaker - Roundtable on marine litter (DG Mare, November 2013)
- **Indonesia:** Development of a Blue Growth Strategy for Lombok Island (FAO, 2014)
- **UK:** Assessment of opportunities for a fish processing cluster (Torbay Development Agency, 2013)
- **Caribbean:** Monitoring, Control & Surveillance Strategy Development (ACP Fish II/CRFM, 2013). Workshop facilitator updating a regional strategy for fisheries monitoring, control & surveillance (MCS).
- **EU:** Evaluation of 'Blue Growth' Opportunities in the Mediterranean and Black Sea (EC, 2013 - 2014).
- **UK:** Evaluation of technical measures used in Scottish fisheries (EC, 2013)
- **Malta:** Preparation of the Maltese EMFF Operational Programme (Office of the Prime Minister, 2013)
- **UK:** Investigation of the socio-economic importance of fisheries in Shetland (EC, 2013)
- **Malta:** Strengths, Weaknesses, Opportunities & Threats Analysis of Maltese Fisheries (MRRA, 2012).
- **Saudi Arabia:** Fisheries and Aquaculture Sector Plan (Agriculture Development Fund, 2011 - 2014). Technical project manager of a major fisheries & aquaculture sector review and development plan.
- **Global:** Support for fisheries & aquaculture policy & management capacity for emergencies (FAO, 2012)
- **Seychelles:** Fisheries development of Praslin Island (ACP Fish II, 2011). Conducted a development needs assessment, culminating in a workshop. Provided recommendations on needs, sites and funding.
- **Sultanate of Oman:** Outline review of critical issues affecting the fisheries sector (World Bank, 2009). Briefing paper on the current status, opportunities and challenges to Oman's fisheries sector.
- **UK:** An Economic Approach to Long Term Reform of Access to Fisheries for the Inshore Fleet (Defra, 2009). Expertise in England's inshore fisheries fleet, how it operates and potential for development.
- **UK:** Developing Scottish 'Inshore Fisheries Group' Management Plans (Scottish Government, 2009). Developed management plans that address high level objectives based on locally determined actions.
- **Mauritius:** Port Louis Master Plan Study (MPA/Halcrow, 2007). Forecast fisheries traffic into Port Louis and identified the future needs for quay & land-based infrastructure for fish landing and processing.
- **UK:** Fisheries development strategy (East of England Development Agency, 2006). Examined aquaculture and recreational fishing for a fisheries development strategy for the East of England region.
- **UK:** NW Seafood regional study (NW Seafoods Ltd, 2005). Cost-benefit analysis of options for the refurbishment or rebuilding of the market auction hall at Fleetwood in the NW of England.
- **Europe:** Design of a Community Fisheries Control Agency (DG Fisheries, 2004). Assessment of the benefits/costs of the CFCA for the monitoring, control and surveillance (MCS) of EU fishing activities.
- **Red Sea and Gulf of Aden:** Strategic Action Plan (PERSGA Secretariat, 2003). Ran a regional training workshop on monitoring and evaluation methodologies for biodiversity conservation as part of the SAP.
- **Uganda:** Business plan for the Kajjansi Aquaculture R&D Centre (DFID, 2003). Strategic Business Plan including a research policy framework, funding options and a management plan for the research centre.
- **UK:** St. Ives harbour enhancement and preservation study (Penwith District Council, 2002). Proposed ways of improving the harbour, supporting management and dealing with conflict management issues.
- **UK:** Fleetwood and Whitehaven Fishing Regeneration Study (Gov. of the North West, 2002). Developed a sector plan in the face of declining stocks as well as rapid social and economic change.
- **British Indian Ocean Territory:** Feasibility for resettling the Salomon and Peros Banhos Atolls (FCO, 2001 - 2002).
- **Sultanate of Oman:** Khasab Harbour Development (WS Atkins, 2001). Prepared a fisheries sector appraisal for the Musandam region for a multidisciplinary study of the development of Khasab Harbour.
- **Yemen:** Mid-term development plan for the Socotra Archipelago (EC, 1999). Prepared a coastal and fisheries development plan for the next 10 years for this unique archipelago off the Horn of Africa.
- **UK:** Economic evaluation of inland fisheries (UK Environment Agency, 1998-2001).
- **UK:** Fleetwood fishing industry strategy (Wyre Borough Council, 1999). Assessed port waste, environmental, health and safety management systems to recommend management and control systems.
- **Sultanate of Oman:** 10 Year development plan for fisheries (Government, 1989). In consultation with the fish processing industry, prepared a long-term strategy for market development.

- **EU. Aquaculture Assistance Mechanism** (with NTT Data (DG MARE, 2024 – 2026)). Specific projects include:
 - Mid-term assessment of the EU's strategic guidelines for sustainable aquaculture (Sept 2024-July 2025).
 - Background paper on 'Mapping reporting obligations of EU aquaculture' (Apr – Oct 2025)
 - Background paper on 'Challenges of the mollusc farming sector and ways to address them' (Apr-Oct 2025)
- **UK:** Development of the English Aquaculture Portal (with Cefas., 2025 – 2026)
- **EU:** Analysis of EMFAF funding to EU aquaculture and its effectiveness (FAMENET, 2025)
- **Zanzibar:** Development of a Strategy and Action Plan for aquaculture development in Zanzibar (ZAFRI, 2024 - 2025).
- **UK:** Vision and roadmap for farmed shellfish in the UK (Shellfish Association of Great Britain, 2024)
- **UK:** Commercial fisheries impact assessments for two new fish farming sites (MOWI, Mar – Sept 2024)
- **UK:** Development of a ten year vision and roadmap for sustainable trout farming (British Trout Association, 2024)
- **Greece:** Review of aquaculture strategic environmental impact assessments (Rauch Foundation, May-June 2023)
- **UK / Bangladesh:** Review of case studies on shellfish aquaculture (UK) / pond aquaculture (Bangladesh) and the application of the tipping point framework for their sustainable development (University of Exeter, Jun - Dec 22)
- **UK:** Fisheries activity analysis to support salmon farm site selection in Scotland's Outer Hebrides (MOWI, 2022)
- **EU:** Climate adaptation and mitigation in aquaculture (EU Aquaculture Advisory Council, 2022). Lead author.
- **Rwanda:** Chief Aquaculture Strategist, preparing a national aquaculture strategy for Rwanda (Gatsby, 2021-2022).
- **Ireland:** Lead author, National Strategic Plan for Sustainable Aquaculture Development (2021–2030). (BIM, 2021)
- **EU:** Moderator for a workshop on Aquaculture producer organisations and cross-border cooperation: challenges and opportunities (Tetra Tech / DG Mare, 2020)
- **Australia:** Update of a vendor due diligence for a major shrimp farming project (Private client, 2020).
- **UK.** Preparation of a national strategy for aquaculture development in England (up to 2040) (Seafish, 2020)
- **Indonesia:** Impact assessment of the Indonesia Aquaculture Initiative (Walton Family Foundation, 2020)
- **EU:** Evaluation of EU aquaculture development & the role of the OMC (DG Mare, 2018). Team leader.
- **UK:** Feasibility of single Marine Licence development consent for Scotland aquaculture (SARF, 2018)
- **Australia:** Due diligence of a major new integrated aquaculture investment project (Private Client, 2017)
- **Global:** Preparation of 'Aquaculture Development Guidelines' for funding bodies (EC DEVCO, 2016)
- **Saudi Arabia:** Priority needs for aquaculture and post-harvest development (Min. of Agriculture, 2015)
- **Slovenia:** Needs analysis and ex-ante appraisal of an Aquaculture Sector Development Plan (Oikos, 2014)
- **UK:** Site investigations for a scallop hatchery, nursery and offshore ranching site (Private client, 2014)
- **Jersey:** Development of aquaculture licensing and permitting (State of Jersey, 2013 - 2014)
- **South Pacific:** Aquaculture policy development in the South Pacific (ACP Fish II, 2013). Review of current aquaculture policy and preparation of a design framework, providing a 5-day training workshop in Fiji.
- **UK:** Review of marine aquaculture planning applications in protected areas (Marine Scotland, 2013)
- **Saudi Arabia:** Development of technical protocols for aquaculture legislation governing sea-based, coastal and freshwater aquaculture licensing and regulation (Ministry of Agriculture, 2012 - 2013)
- **Maldives:** Mariculture Enterprise Development Project (IFAD, 2012). Responsible for all technical elements of project preparation, inc. species, system and site selection, risk assessment & marketing.
- **Saudi Arabia:** Studies on (i) recirculation aquaculture systems; (ii) small-scale aquaculture parks and (iii) coastal aquaculture zoning in Saudi Arabia (Agriculture Development Fund, 2011 - 2012)
- **Saudi Arabia:** Aquaculture Sector Plan (Agriculture Development Fund, 2011 - 2014). Chief Technical Adviser of a major aquaculture sector review and development plan.
- **Madagascar & Reunion:** Audit of a vertically integrated aquaculture project (Private client, 2012)
- **Egypt:** Aquaculture development on Lake Manzala as adaptation measure against sea-level rise (EC, 2011).
- **Europe:** Impact of aquaculture (EC, 2009). Team leader of a study to evaluate the impact of aquaculture on the objectives of the Water Framework Directive and Marine Strategy Framework Directive.
- **Europe:** Defining data collection needs for aquaculture (EC, 2009). UK aquaculture specialist
- **Global:** Aquaculture policy formulation (FAO, 2008). Facilitator at an Expert Consultation in Rome. Presented a background briefing report and prepared draft guidelines for good practise.
- **Thailand:** Risk assessment in aquaculture (FAO, 2007). Facilitator and rapporteur at an Expert Consultation.
- **UK:** Aquaculture strategy for the Solway Firth (Solway Firth Partnership, 2006-2007). Team leader / coastal planner preparing an aquaculture strategy for the third largest inter-tidal habitat in the UK.
- **Europe:** Aquaculture development in sensitive coastal environments (EC, 2005-2006). Team leader of an impact assessment producing guidelines for aquaculture planning and management.
- **Europe:** Aquaculture employment patterns in the EU (EC / Framian, 2005).
- **UK:** Sustainable fish feeds and Scottish aquaculture (RSPB/ SWT / WWF, 2004). Review of raw material sources of fish feeds used in Scottish aquaculture and an assessment of their relative sustainability.
- **Europe:** Forward study of Community aquaculture (EC, 1999). Recommended environmental management measures for aquaculture that balance the continued growth of these important rural industries.

- **UK:** Aquaculture potential in SW England (SW Pesca Ltd, 1998).
- **Norway and Iceland:** Aquaculture study (Private client, 1991). Investigation of markets for natural salmonid feed colorants. Determined mill buyer preferences as well as end user and legislative trends.
- **UK:** Aquaculture planning (Private client, 1989). Expert witness.
- **UK:** Fish farm manager (Kames Fish Farming Ltd, 1984 - 1985). Large marine and freshwater trout cage farm, responsible for day-to-day husbandry, production and management reporting, and production of fry.

Capacity development and institutional strengthening

- **Global:** Development of toolkit to operationalise the FAO Voluntary Guidelines for Small-Scale Fisheries (FAO, 2019 – 2021). Includes toolkit design and its testing in Namibia.
- **UK:** Fisheries Local Action Group. Feasibility for a FLAG in Torbay (Torbay Development Agency, 2014).
- **Malawi:** Improvements to fish quality and safety (Commonwealth Secretariat, 2012). Institutional strengthening to the Dept' of Fisheries, Malawi College of Fisheries & Malawi Bureau of Standards.
- **Kuwait:** Capacity building for marine science & fisheries research in Kuwait (KISR/Arthur D. Little, 2009). Reviewed emerging research priorities & recommended a programme to address these.
- **Ireland:** Review of the fisheries control system (DCMNR, 2007). Institutional Specialist restructuring a newly independent control agency to maximise efficient and effective regulation of marine fisheries.
- **Indonesia:** Institutional assessment of fisheries and aquaculture in post-tsunami Aceh (FAO, 2006). Analysed institutional arrangements for fisheries and aquaculture governance and how they could be strengthened through better coordination and information flow, capacity building and other measures.
- **Latin America and Sub-Saharan Africa:** Concept notes for capacity building in fisheries (FAO, 2004). Capacity building programmes to facilitate the sustainable development of fisheries.
- **Red Sea and Gulf of Aden:** Marine conservation strategy (PERSGA, 2004). Development of a long term strategy for the regional management of coastal conservation in the Red Sea and Gulf of Aden.
- **Global:** Strategy for human capacity building in fisheries (FAO, 2003-2004). Prepared the current FAO strategy on building human capacity in fisheries and marine ecosystem management.
- **Bangladesh:** Third Fisheries Project (ODA/World Bank, 1989-1994). Long-term TA counterpart to the Project Director planning, monitoring and reporting of all project activities in fisheries management.

Coastal management & environmental impact assessment (EIA)

- **UK:** Sensitivity of inshore fishing to offshore wind farming (Marine Management Organisation, Nov 2023 – Mar 2024).
- **Nigeria:** Impact of two major oils spills on mangroves and associated fisheries (Private Client, 2012)
- **Eritrea:** Environmental Impact Assessment of a new copper port in Massawa (Citrus, 2010)
- **Regional (Maldives, Sri Lanka, India, Bangladesh, Myanmar, Thailand, Malaysia and Indonesia):** Review of fisheries, environmental and ICM policies in the Bay of Bengal (FAO, 2010). Presented a paper in Penang, Malaysia on Fisheries, marine environment, and integrated coastal management policy processes, content and implementation in the BOBLME countries.
- **UK:** West of Wight Wind Farm Commercial Fisheries Advice (Eneco, 2010)
- **UK:** Hornsea Wind Farm Commercial Fisheries Advice (EMU, 2010)
- **UK:** Review of industry, Government and other action to improve the sustainability of fish and shellfish production and consumption (Defra, 2009 - 2010). Environmental product lifecycle analysis.
- **UK:** Marine Protected Area (MPA) management in Scotland (Scottish Government, 2008). Team leader of a study to integrate the OSPAR MPA commitments with the EC Habitat and Birds Directives.
- **UK:** Impact of aquaculture on tourism (Scottish Aquaculture Research Forum, 2008).
- **UK:** Strategic Environmental Assessment - European Fisheries Fund (Defra, 2007 - 2008). Team leader assessing the impacts and possible mitigation strategy of the UK EFF Operational Programme.
- **China:** Pollution and coastal mariculture (Homarus, 2007). Investigated the impact of alleged oil spill on coastal aquaculture in Shandong Province. Prepared preliminary production economic impact models.
- **Ireland:** Environmental assessment of bottom mussel culture (Irish Fisheries Board, 2007). Assessed the issues involved and recommended a strategic approach to minimise environmental impacts.
- **UK:** Barnstaple river crossing fisheries impact study (Halcrow, 2004). Assessed impact of a temporary causeway on migratory salmonids and determined appropriate mitigation during construction.
- **Japan:** Seabed benthic recovery following ship grounding (ITOPF / Homarus, 2003). Assessed the likely rate and nature of seabed recovery after the grounding of the car carrier M.V. Hual Europe.
- **UK:** Regional EIA for Marine Aggregate Extraction (East Channel Association / Haskoning, 2001 - 02). Strategic assessment of the impacts on fish stocks and fishing activities in the English Channel.
- **Libya:** Fisheries impact of a fibre optic cable route (Metoc PLC / Alcatel, 2001). Assessed impacts of cable laying and operation on fisheries and recommended alternative route and cable protection scenarios.
- **Sri Lanka:** Coastal Resource Management Project (Macalister Elliott & Partners, 2000). MEP staff consultant preparing technical proposal for ADB's CRMP 'Institutional Strengthening' component.

- **China:** Coastal Resource Conservation and Environmental Management (Asian Development Bank, 1999 - 2000). Environmental monitoring specialist preparing a coastal resource plan for the Bohai Sea.
- **Bolivia:** Development of artisanal fisheries and aquaculture (EC D-G 1B, 1998). Assessed sustainability issues of fisheries and aquaculture. Designed and gave a 2-day course in EIA preparation.
- **China:** Capacity building for integrated coastal management in the Northern South China Sea (UNDP, 1998) Developed GIS-based zoning for fisheries and aquaculture development in 3 different sites.
- **Colombia:** Environmental assessment of the shrimp farming industry (CENIACUA, 1997). Assisted an industry body to prepare a strategic plan for minimising the environmental impacts of shrimp farming.
- **Belize:** Environmental capacity assessment of cage aquaculture (CDC, 1997). Determined the site's potential environmental carrying capacity and impacts on its conservation and recreational values.
- **Egypt:** Red Sea Coastal and Marine Resources Management Project (GEF/World Bank, 1998). Improved the capacity to plan coastal management, esp. for tourism, fisheries and marine conservation.
- **Belize:** Aquaculture in coastal zone management (GEF/UNDP, 1997). Produced planning and EIA guidelines for aquaculture development. Gave training courses in EIA and sustainable aquaculture practices.
- **Zimbabwe:** Aquaculture EIA (CDC, 1997). Team leader of a detailed environmental assessment for a large (4,000 t per annum) tilapia cage culture project on Lake Kariba.
- **UK:** River Test Fisheries EIA (Scott Wilson Kirkpatrick / Environment Agency, 1995). Impact assessment of river engineering works on salmonid migration and proposed mitigation approaches.
- **Yemen:** Fourth Fisheries Development (EC, 1995). Conducted a rapid, semi-quantitative assessment of the marine resources, users and impacts of the southern Yemen coast.
- **Belize:** Aquaculture EIA (Starich Inc./CDC, 1996). Team leader preparing an EIA for a major shrimp and fin fish farming project, inc. an environmental mitigation and management plan.

Ecosystem-based fisheries

- **Poland:** Development of a feasibility study for salmonid conservation in central Europe (Mission Ocean, 2025)
- **Indian Ocean:** Indian Ocean Tuna Sustainability Analysis (Private client, July 23 – Jan 24)
- **UK:** Options for using fish offal as a food source for seabirds (English Nature, Sept 22 – March 23)
- **Global:** Economic valuation of the global market for blue shark products and interdependent policy analysis for sustainable management and trade (Oceana, 2022)
- **Seychelles:** Harvest policy and strategy development for Seychelles fisheries (Department of Blue Economy, 2021)
- **Ireland:** Seafood Carbon Footprint (BIM / Mabbett, 2021-2022). Aquaculture specialist.
- **Global:** Team leader of a project to examine bycatch and shark finning issues in tropical tuna fisheries (MSC, 2018 - 2019)
- **Global:** Invited Expert Observer at an FAO Workshop on Climate Change and Fisheries & Aquaculture (FAO, 2017)
- **Indonesia / Timor Leste:** Design of Preparation of full project investment for the project Enabling transboundary cooperation for sustainable management of the Indonesian Seas (FAO, 2015)
- **Kuwait:** Development of a regional action plan for bycatch management for the RECOFI countries (RECOFI / FAO, 2012). Included technical facilitation of a major regional workshop.
- **China:** Evaluation of domestic & overseas fisheries supplying China's seafood (WWF-US, 2012)
- **Europe:** Bycatch of seabirds in European fisheries (EC DG Fish, 2010 - 2011). Conducted extensive interviews of gillnet fishers in Denmark & Sweden to determine impact levels, mitigation approaches & costs.
- **Bangladesh:** Assessment of small-scale fisheries (WorldFish, 2007). Assess the current status of coastal SSF in order to develop a code of conduct for 'resilient fisheries' and recommend further courses of action.
- **Europe:** Use of feed fish in aquaculture feeds and the implications for food security and poverty alleviation (FAO, 2006 - 07). Assessed likely future usage patterns to determine their environmental and socio-economic consequences and recommended actions to mitigate these.
- **Europe:** Preparation of a project brief for the conservation and sustainable use of the Mediterranean (FAO, 2006). Project brief for a jointly co-financed (FAO, UNEP-MAP, RAC/SPA & WWF-MedPo).
- **Global:** Strategy for EC fisheries research in third country waters (EC DG Fish, 2005-2006). Prepared an EC strategy and action plan framework for research contributing to sustainable fisheries.
- **Sub-Saharan Africa:** Selection criteria for large marine ecosystem projects (FAO/GEF/ World Bank / WWF, 2005). Evaluation framework for projects funded by the Sustainable Fisheries Investment Fund.
- **UK:** Marine BAP for SE England (Hampshire & Isle of Wight Wildlife Trust, 2004). Review of current regional marine biodiversity action planning approaches and their appropriateness for SE England.
- **Global:** Sustainability of industrial fisheries used for fish meal & fish oil (RSPB, 2004). Identified criteria to measure the sustainability of industrial fisheries used for reduction to fishmeal and fish oil.
- **Europe:** Assessment of environmental variables for inclusion in the CFP (EC, 2003-04). Determined the environmental variables should be included in EU Member State data collection programmes.
- **West Africa:** Review of fishing activity the status of fish stocks in the high seas areas of CECAF (FAO, 2003). Assessment of the fish stock status in the high seas areas of the FAO CECAF region.

- **Bangladesh:** IV Fisheries Project - Aquatic Resources Development, Management and Conservation (GEF / World Bank, 2001 - 2004). Biodiversity studies of coastal ecosystems to provide essential information for formulating future fisheries development policy, esp. sustainable shrimp aquaculture.
- **Global:** Assessment of world fisheries by-catch issues (FAO, 2002). Examined regional programmes aimed at the reduction of discards to assist address key environmental, social and economic issues.
- **PERSGA & ROPME:** Strategy for biodiversity conservation and MPA development (EC, 2001) Prepared a strategy for biodiversity conservation & MPAs for key habitats in the Red Sea & Arabian Gulf.
- **EU:** Study on the valuation and restoration of biodiversity damage for environmental liability (EC, 2000). Assisted establish an environmental liability regime to ensure the restoration of damaged environments.
- **Yemen:** Socotra biodiversity conservation (Global Environment Facility / UNDP, 1996). Team leader preparing the marine elements of a biodiversity conservation programme for GEF funding.

Marine debris management from fisheries and aquaculture

- **Pacific:** Short-term consultant on ALDFG in the Pacific Region (World Bank, 2024 – present)
- **Global:** Development of a Best Practice Framework for the management of recreational fishing gear (Global Ghost Gear Initiative, Apr 2024 – Oct 2026).
- **Europe:** Assessment of marine litter from aquaculture in the OSPAR Area (Defra / OSPAR Commission, 2024 – 2025)
- **Vietnam:** Analysis of plastic waste streams and 3R potentials in the shrimp farming sector in Soc Trang Province. Team leader (GIZ, 2024)
- **EU:** Marine litter from EU aquaculture (Aquaculture Advisory Council, 2021). Lead author.
- **Vietnam:** Action Plan for Marine Plastic Waste Management in the Fisheries Sector (World Bank, 2021 – 2022).
- **Indonesia:** Pre-Feasibility Study on management, retrieval and recycling of used, abandoned, lost & discarded fishing gear, and Inventory of plastic use and loss from aquaculture (World Bank, 2020 – 2022). Team leader.
- **EC:** Study on the Single Use Plastic & Port Reception Directives in fisheries and aquaculture (EU, 2020)
- **Global:** Preparation of a 'Best Practice Framework to Reduce Marine Debris from Aquaculture' (Global Ghost Gear Initiative, 2019 – 2020)
- **Pacific Rim:** Preparation of an 'APEC Best Practices Framework to Address Abandoned, Lost or Discarded Fishing Gear and Aquaculture Litter (GGGI, 2021).
- **Global:** Research into options for including 'ghost gear' into the MSC fisheries standard (MSC (2020).
- **Global:** White Paper on the source, pathways and fate of plastic from aquaculture lost into the marine environment (Aquaculture Stewardship Council, 2019).
- **Global:** Update to the 2017 GGGI 'Best Practice Framework for the management of fishing gear (GGGI, 2020).
- **Global:** Development of options for including 'ghost gear' into the MSC standard for responsible fishing (MSC, 2020).
- **Global:** Preparation of a framework for best practise in the management of fishing gear (Global Ghost Gear Initiative, 2016)
- **Global:** Working paper on the current status of fish gear marking and future needs (FAO, 2015 - 2016)
- **Global:** Review of abandoned, lost and discarded fishing gear (FAO, 2007). Assessment of the magnitude, impacts and success of efforts to reduce ALDFG and recommendations for new approaches.
- **EU:** Impact assessment of 'ghost fishing' (EC DG Fisheries, 2005). Assessed the environmental impacts of ghost fishing and specified mitigating measures following consultation with industry groups

Fisheries and aquaculture certification

- Assessments under the Marine Stewardship Council (MSC) standard for responsible fisheries include:
 - **UK:** Preassessments of brill and 8 ray species in England and Scotland (Private client, 2022 – 2023)
 - **China:** Pre-assessment of two regional mackerel stocks (MSC, 2022)
 - **Indian Ocean:** Annual benchmarking of the SIOTI FIP (SIOTI, 2018 – present).
 - **Greenland:** Re-assessment of the Greenland lumpfish fishery (DNV, 2019). P2 ecosystem impacts
 - **Iceland:** Surveillance audit of the cod and haddock fisheries (Tún, 2018, 2019)
 - **Norway:** Re-certification of the Norway herring fishery (DNV, 2018). P2 ecosystems.
 - **UK:** Certification of the Orkney Brown Crab fishery (SAI Global, 2016). P3 Management
 - **Iceland:** Full assessment of the Greenland halibut fishery (Tún, 2017). P2 (ecosystem impacts).
 - **Russia:** pre-assessment of the West Bering Sea cod & halibut LL fisheries (Marine Certification, 2016).
 - **Estonia:** Full assessment (P3) of the Lake Peipus pike-perch fishery (Marine Certification, 2016)
 - **Ireland:** Re-certification (P3) of the Celtic herring fishery (SAI Global, 2016). P3 Management
 - **Iceland:** Re-certification of various cod and haddock fisheries (Tún, 2016). P2 (ecosystem impacts).
 - **Japan:** Peer review of the Japanese pole and line fishery recertification (Acoura, 2016)
 - **Indian Ocean:** Pre-assessment of a major purse seine fishery (Private client, 2015 - 2016)
 - **China:** Pre-assessment and FIP design of the freshwater crayfish fishery (Lyons / Bakkavor, 2017-2019)
 - **China:** Pre-assessment of a clam fishery in Liaoning Province (WWF-China & WWF-Japan)

- **China:** Pre-assessment of the Dongshan multi-gear, multi-species fisheries (CAPPMA/MSC, 2015)
- **UK:** Pre-assessment of the trap fisheries of Strangford Lough (Seafish, 2015).
- **Djibouti:** Pre-assessment of small-scale fisheries (IFC, 2015). Project manager and P2.
- **India:** Ashtamudi Estuary Short Necked Clam Fishery (Intertek, 2014). Peer review.
- **Sweden:** Eastern Baltic Cod fishery surveillance (FCI, 2013). Principle 2 (ecosystem impacts).
- **UK:** Shetland mussel, brown crab, velvet crab and scallop fisheries surveillance audits (FCI, 2013)
- **Fiji:** Albacore longline fishery (FTBOA, 2011). Principle 2 (ecosystem impacts).
- **Pacific Ocean:** Free-school purse seine fishery (PNA, 2010). Principle 2 (ecosystem impacts).
- **Indonesia:** Seven major tuna fisheries (WWF-Indonesia, 2010). Principle 2 (ecosystem impacts).
- **Canada:** Scotia-Fundy haddock fishery (GEAC, 2009). Principle 2 (ecosystem impacts).
- **Maldives:** Pole & line + handline tuna fisheries (2009 & 2013). P2 assessor on pre- & full assessments.
- **UK:** MSC assessments of four North Sea fisheries (2008 - present). Lead assessor on Scottish haddock & Nephrops fisheries, the southern North Sea Nephrops fishery & responsible for Principle 2 (ecosystem impacts) on the Skagerrak, Kattegat & Norwegian Deep-sea prawn fishery.
- **Kenya, Tanzania and Uganda:** Pre-assessment of a major Lake Victoria fishery (Lake Victoria Fisheries Organisation, 2008). Determined the potential for certification against the MSC principles.
- **Western & Central Pacific:** Pre-assessment of tuna fisheries (FFA, 2007). Lead assessor.
- **UK:** NESFC sea bass and lobster fisheries (NESFC, 2006 - 2007). Team leader
- **UK:** Hastings' Dover sole & pelagic fisheries (2004). Responsible Principle 2' e.g. ecosystem impacts.
- **UK:** North Sea herring fishery (PFTA, 2003). Responsible 'Principle 2' e.g. ecosystem impacts.
- **MSC:** Options analysis for including fishing gear management into the new MSC Standard (v3) (MSC, 2020 – 2021)
- **MSC:** Preparation of a generic template for Fisheries Management Plans (MSC, 2019).
- **UK:** Preparation of FIPs for crab, lobster, scallops and monkfish as part of Project UKFI (MSC, 2017 - 2023)
- **Private client:** Supplier risk assessments & vessel audits for a major seafood processing company (Private client, 2016)
- **EU:** Feasibility study for an EU Ecolabel for seafood (DG Mare, 2015).
- **MSC:** Participated in various P2 test cases and calibration workshops working towards the introduction of the new Fisheries Certification Requirements v2 (2014 - 2015)
- **UK:** Ecosystem Markets Task Force (EMTF) research on certification and labelling (Defra, 2012)
- **UK:** Pre-assessments of all English inshore fisheries 'Project Inshore'. (Seafish led, with FCI, 2012)
- **Global.** Classification and Evaluation of Fisheries Improvement Plans (MSC, 2012)
- **Bay of Bengal:** Assessments of the Indian mackerel & hilsa shad fisheries in the Bay of Bengal (FAO, 2010)
- **Global:** Impact of market-based sustainability requirements on small scale fisheries (FAO, 2009).
- **Global:** Certification and sustainable fisheries (UNEP, 2008). Examines the actual benefits of certification and eco-labelling, focusing on environmental issues, especially in developing countries.
- **UK:** Design of a decision-making tool for sustainable fish sourcing (private client, 2008). Design of a sustainable (ecology / economic / social) purchasing tool for a major UK multiple retailer.
- **Global.** Summary of experience of small-scale fisheries with environmental and social certification schemes (FAO, 2007) Design of case studies to examine the opportunities, constraints, and cost and benefits to small-scale fisheries of certification and labelling schemes under varied conditions.
- **Bangladesh:** Quality and environmental certification of shrimp farming (DFID, 2002). Examined the potential for environmental certification (inc. organic) of the coastal shrimp farming industry.
- **Global:** Sustainable Fisheries Certification - Chain of Custody Issues (Marine Stewardship Council, 2002). Position papers for the MSC Technical Advisory Board to update the 'chain of custody' audit process.
- **Global:** Feasibility study for the environmental certification of aquaculture (Marine Stewardship Council, 2001). Assessed the demand and scope for the environmental certification of aquaculture.
- **World-wide:** Sustainable Tuna Sourcing Study (Private client, 2001). Prepared environmental guidelines for the sourcing of sustainable supplies of fresh yellowfin tuna for the UK multiple retail market.
- **UK:** Competitiveness of fisheries products (EC, 1991). Evaluated opportunities for ACP products, purchaser requirements and the ability of ACP producers to meet product quality and price criteria.
- **UK:** Seafish 'Responsible Fisheries Scheme'. Audited over 49 vessels in SE England (Vessel owners, 2007 – 2009).
- **Global:** MSC Chain of custody (CoC) audits for FalFish, Migros, Pret a Manger, Le Maison au Quat' Saison.

Project design, monitoring and evaluation

- **Philippines:** Providing the M&E for the monitoring, control & surveillance informational support project (VERUMAR. NLA International / UK Space Agency, 2020 - 2021).
- **EU, West Africa (Senegal, Ghana & Ivory Coast) and Brazil:** Team leader of the Final Evaluation of the Atlantic Ocean Tuna Tagging programme (contracted as an individual Lattanzio Advisory/Transtec Consortium (2019 – 2020).
- **EU:** Evaluation of the Deep Sea Fisheries Regulation (DG Mare, 2020).
- **EU:** Evaluation of state aid to fisheries in the EU (DG-Mare, 2019 – 2020).

- **EU:** Evaluation of the EU Eel Regulation (DG Mare, 2018 - 2019). Team leader of evaluation team.
- **Indonesia:** Evaluation of INDES0 (Infrastructure Development of Space Oceanography) (AFD, 2018)
- **Philippines:** M&E for the ISAIF 'Improved Situational Awareness in Fisheries' Project (Janus, 2018)
- **Indonesia:** Team leader of a major project to provide M&E services for satellite-based communications in medium-scale fisheries in Indonesia (Inmarsat / UK Space Agency, 2017 - 2019).
- **EU:** Fisheries and Aquaculture Monitoring and Evaluation (FAME) (DG Mare, 2015 - 2017). Thematic and UK Geographic Expert.
- **EU:** Ex-post evaluation of the European Fisheries Fund (DG Mare, 2015 - 2016). Aquaculture specialist.
- **Mediterranean:** Evaluation of the EU Mediterranean Regulation, with a focus on the Strait of Sicily case study (DG Mare, 2015 - 2016)
- **Pacific:** Regional evaluation of tuna and other large pelagic fisheries in the WC Pacific (EC, 2013)
- **Poland:** Conducted in-situ assessment of Poland's conformance with the DCF Regulation (EC, 2012).
- **Global:** Interim evaluation on establishing financial measures for the implementation of the CFP 2007-2013 (EC 2010). Poseidon project management and responsible for external relations elements.
- **East Africa:** Terminal evaluation of the Eastern African Coastal and Marine Environment Resource Database and Atlas (UNEP, 2010). Includes visits to Nairobi, Mombasa and the Comoros.
- **Europe:** Shadow evaluation of the EC's FIG 2000-2006 expenditure programme (Pew Charitable Trusts, 2009 - 2010). Providing core team expertise on environmental and social impacts.
- **Indian Ocean (Mauritius, Madagascar, Comoros, Seychelles & Reunion):** Mid-term evaluation of the Regional Tuna Tagging Project (EC, 2009).
- **Vietnam:** Mid-term Review of the Fisheries Sector Programme Support, Phase II (DANIDA, 2008). Fisheries specialist on a three person team assessing progress to date and recommending further actions.
- **Global:** Impact Assessment of the EC Shark Action Plan (EC, 2008). Team leader of a multi-disciplinary team evaluating the environmental, economic and social impacts of the EC IPOA for sharks.
- **Global:** ACP Fish II (EC, 2006). Prepared a major fisheries development programme for the ACP countries to mainstream fisheries sector planning into regional economic planning and trade development.
- **Vietnam:** Review of the Fisheries Management Information System (DANIDA, 2006). Evaluated a fisheries and aquaculture information system developed under Danida's FSPS I initiative.
- **Mauritius and Tanzania:** Evaluation of Fisheries Agreements with the EU (EC DG Fish, 2004-06). Evaluating marine fisheries in order to assist the EC in preparing a new fisheries partnership agreements.
- **Red Sea and Gulf of Aden:** Project Completion Evaluation (PERSGA, 2005). Evaluated the success of 8 coastal conservation pilot projects, based on LFAs prepared through earlier assistance in 2003.
- **Vietnam:** Fisheries Sector Programme Support II (DANIDA, 2005). Pre-appraisal of the 2nd phase of a major fisheries sector development project to make recommendations for future Programme support.
- **Yemen:** Fish Handling, Safety and Quality Improvement Project (WTO, 2005). Prepared a project to provide SPS-related capacity-building assistance to private sector fish processing companies.
- **Global:** Strategic Partnership for a Sustainable Fisheries Investment Fund in the Large Marine Ecosystems of Sub-Saharan Africa (FAO, 2005). Prepared programme monitoring and evaluation criteria based on the objectives of the Strategic Partnership and the WSSD poverty reduction and fisheries targets.
- **Yemen:** Fisheries sector project preparation (EC DG Development, 2005). Prepared technical and financing requirements for fisheries information system development and seafood quality control projects.
- **UK:** Mid-term evaluation of FIG expenditure (DEFRA, 2003). Review of the FIG expenditure to satisfy spending criteria for fishing industry grants.
- **NW Atlantic:** Evaluation of the NAFO onboard observer programme (EC, 2002). Evaluated the cost-benefits of providing of scientific data through the EC on-board observer programme for the NW Atlantic.

Specialist studies

- **UK:** Facilitator for a series of workshops on the development of the Welsh seafood supply chain (Seafish, 2024)
- **UK:** Fisheries sector needs analysis for the Sutton Harbour Fish Quay in Plymouth (Plymouth City Council, 2021)
- **Philippines:** Value chain analysis for the GenSan tuna port (USAID/Bold Native, 2016)
- **Philippines:** Regional fishing port development study (Private client, 2015). Ongoing fisheries advice to a PPP project at a major tuna port in the southern Philippines.
- **Nigeria:** Fisheries resettlement study (Private client, 2008). Assessed the impact of resettling coastal fisheries communities as a result of a LNG development.
- **Global:** Review of the use of Spirulina for human and animal feed use (FAO, 2006). Prepared a FAO Technical Paper on the use of the unicellular Spirulina algae as a nutritional source for humans and fish.

- **Scotland:** Fish waste utilisation study (Scottish Environment Protection Agency, 2004). Examined options for the disposal and recovery of waste materials from Scottish aquaculture and fish processing.
- **Sultanate of Oman:** Sardine drying improvement (Government, 1991). Analysed the domestic and export markets for dried sardines and determined of the cost-effectiveness of up-grading fish drying technology.
